X: The product CONTAINS the allergen indicated.

•: The product MAY CONTAIN the allergen indicated.

We do not have a separate kitchen for the preparation of dishes 100% free of any type of allergen, therefore, our products are not recommended for people with high sensitivity.

- 1) Coloring considered: twilight yellow, blue, red and tartrazine.
- $2) \ Condiments \ considered: pepper, \ paprika \ and \ mustard.$
- 3) The product is non-animal origin, but may contain eggs, milk and/or their derivatives due to the sharing of the preparation area.
- 4) By an allergen legislation, it is declared that this product may contain traces of milk or egg, as the industrial line in which the items are produced handles these types of ingredients. However, in this product, in particular, there is no inclusion of these inputs.

#### **REFERENCES USED:**

- 1) Label of suppliers.
- 2) Technical sheet for the products.

This table should be used for reference only, not replacing specialist medical guidance. Outback Steakhouse is not responsible for the improper use of such information.
